

Week 12 – Summer CSA

August 22 – August 28, 2022

Hi CSA supporters,

As we speak the farm is fielding huge harvests of all manner of crops. There is a tremendous amount of activity these days harvesting, grading, and packing up crops. Our pack shed is bursting at the seams, and we wish we had more people in the team to help handle these peaks. In any case, the box this week is heavy and diverse, featuring a wide array of sweet and savory treats. Perhaps chief among them, we have been picking lots of sweet corn recently, as well as harvesting fully vine-ripened melons. We're very happy with how these have both come out.

Please enjoy, and thanks for letting us help you to celebrate your summer!
