CSA NEWSLETTER

WEEK 21 - 10/27/2026

Congratulations on finishing the regular 2026 GTF CSA season! Thank you for doing 21 weeks of veggie boxes and supporting GTF. We hit a record of 417 CSA members this year. The average is usually around 350 CSA members. I think the increase is due to a few factors: long-term faithful members sharing their enthusiasm, inheriting CSA members from farms that closed their program, and people wanting to support local food businesses through these wild times.

The search for the new owners is still on. It's hard to let go, but the silver lining has been the outpouring of support and admiration from the community. The plan is to keep looking for a buyer and farming in 2027, which means that there will be a CSA. We open CSA registrations in January, so watch for the annual letter and CSA registration form then. Thank you for doing CSA with us! Haylee

Note from John: Thank you for supporting us this season—you have been crucial to our success. As you know, the farm is for sale. Because planning and planting for 2027 had to begin in July, Sally and I needed to decide whether we were committed for the long haul. With the support of our excellent crew, the choice to continue was easy. We will incorporate some changes by moving away from wholesale sales and focusing on farmers' markets and the CSA.

We will also expand the Farmstand and Restaurant's offerings by bringing back evening dinner service and wine dinners, and perhaps hosting a few food-and-music events. We also hope to welcome you to pumpkin and strawberry events. We are all in for next year! Please sign up for the 2027 CSA in January and join us for an exciting season.

Veggie List:

- Carrots
- Leeks
- Onion
- Potatoes
- Parsnip
- Green Bell Pepper
- Lacinato Kale
- Red Cabbage
- Butternut

Good night CSA
